Escola EB 2,3 do Castelo da Maia

Escola EB 2,3 do Castelo da Maia

Our school is located on the North of Portugal,
in Maia, very near from Porto (the second town
of Portugal).

Escola EB 2,3 do Castelo da Maia

- We have around 1 900 pupils (10-15 years old) and 170 teachers.
- Our aims are focused on civic values.

- Our school is located in a social/economical disadvantage area. Some families are facing several kinds of problems like unemployment, alcoholism, drugs, divorce, etc. Thus, some pupils have difficulties in their lives, which are reflecting in their school activities. We also have some pupils from minority groups coming from East Europe and some pupils with special needs.

Escola EB 2,3 do Castelo da Maia

- Our school is willing to develop activities in the field of citizenship, values and attitudes, including tolerance to other cultures.
- We will try to participate in international projects, like Comenius.
